

# NG-Test<sup>®</sup> Reader<sup>™</sup>

Patent pending

## Features :

- ☛ Mobility
- ☛ Connectivity
- ☛ Traceability
- ☛ Data management

## Applications :

- ☛ Human Health
- ☛ Animal Health
- ☛ Food Industry
- ☛ Bio Defense

# NG-Test<sup>®</sup> Reader<sup>®</sup> Reliable tool for reading and providing quantitative results for your lateral flow rapid tests.

## General procedure

- 1 Rapid test is inserted into Reader
- 2 Reader communicates image to a Mobile App (Bluetooth ) or PC (USB)
- 3 Image is analyzed and the test signals are translated into a result
- 4 Result is managed by Mobile App or PC Software User Interface
- 5 Results can be communicated enabling digital data management
